Dear Craft Council,

Recently I was asked to prepare a slide show of contemporary Canadian ceramic artists and potters.

Please send a list of available portfolios or slides that I may either purchase, borrow or rent.

I will be taking these slides with me to Korea at the beginning of October so time is a critical factor.

Any other information would be greatly appreciated. I would have preferred to visit the artists myself but I have neither the time nor the financial resources.

Thankyou for your assistance.

Sincerely,

Wendy Stanwick
