Gordon Thorlaksson

Gordon Thorlaksson attended St. George's school in Vancouver, and is a graduate of San Jose State University. In the last few years he has established himself as one of the leading ceramists in North America, lauded on both sides of the border for his remarkable glaze achievements. His pottery is inspired by the classical potters of the Sung Dynasty, and also echoes the sentiment of late nineteenth century studio potters, each piece being a unique work of art.
