

Ms Lee Deischer
General Del.
Golden, BC

Dear Sir or Madame,

I am a self-taught potter and am looking for an apprenticeship in a pottery. I have been to the Manpower office in Golden and it has been arranged that if I can find a pottery to work in, payment will be through Manpower's 'on-the-job training' system.

I am producing marketable pottery now, tea pots, mugs, flower pots etc., so it wouldn't be as if I would have to be taught from scratch.

Any information or suggestions would be greatly appreciated.

Thank you
Lee Deischer
