Thank you for sending your membership application form etc - . Since I had entered your exhibition (but unsuccessfully) I felt I would like to know more about the CABC - . I am a member of the B.C. Pottery Guild. At the present moment I am kept very busy with Christmas orders for I have about 8 or 9 outlets at various Galleries and Craft Shops. I would like to register some other time with your registry - . but I do not have slides available - . would color photos be acceptable? Since I have quite a collection, I can get copies perhaps you could let me know?
Yours truly
Sheila White
